IPFire Business Appliance

IPFire Business Appliance

The IPFire Business Appliance is our most versatile and best-selling firewall

If you’re looking to implement a broad range of features with multiple users across different departments, this is the device for you.

Power-efficient with a modern eight-core Intel® Processor, versatile with four Intel® Gigabit Ethernet controllers and super-fast with 8GB system memory, it is no wonder this is our most popular model.

Key Features

1. Designed & Tested by the IPFire Development Team
